

Starry-Eyed Stan

Buying Concert Tickets

Ready to Rock

- Starry-Eyed Stan and his rocking band have been working hard.
- They have written lots of songs.
- They have been rehearsing every day.
- They are now ready for their first concert!

Ready to Rock

- Stan and the band are selling different tickets to their show.
- Children's tickets are 5p.
- Sid would like to buy a ticket.
- First, can you help Sid to recognise the different coins he has?

Name That Coin!

Ways to Pay

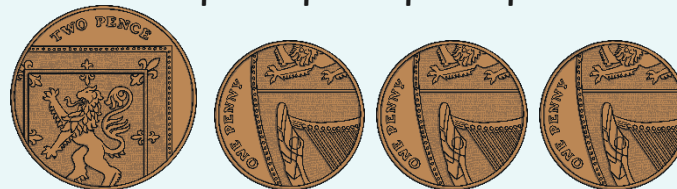

Which coins could Sid use to buy his ticket?

5p

2p + 1p + 1p + 1p

2p + 2p + 1p

1p + 1p + 1p + 1p + 1p

Ways to Pay

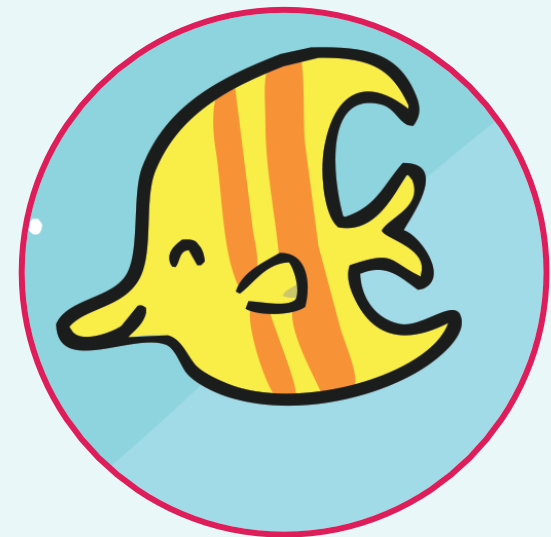

Can you find the different combinations that the other sea creatures could use to pay for their tickets?

Giving Change

Kendra chooses a ground floor ticket.
She has a 50p coin.

Which coins could Stan use to give her the correct change?

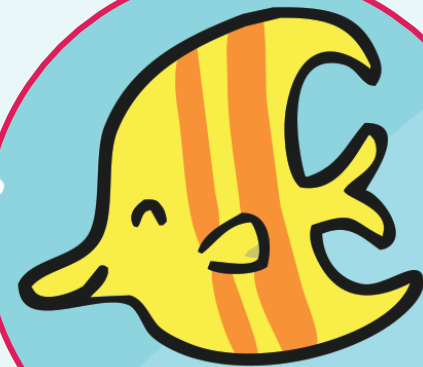

Giving Change

First, we need to work out how much change Kendra needs.

$$50\text{p} - 10\text{p} = 40\text{p}$$

Next, we need to find ways to make 40p with coins. Which coins could we use?

Here's one way:
 $20\text{p} + 20\text{p} = 40\text{p}$

Can you find any other ways to make 40p?

Giving Change

Lenny chooses the luxury experience ticket.

He has a £1 coin.

Which coins could Stan use to give him the correct change?
