I can plan my version of the Egyptian Cinderella

	How is your MC feeling at this point in the story?	Key words and pictures
Introduction: MC is a slave in Ancient Egypt. How does she get there? Where does she live? Who's her master?		
Build up: Who is treats her badly? What animal do they befriend? What garment do they get given and by who?		
Problem: What animal steals the garment? Who's party do they not get invited to?		
Resolution: Who finds the stolen garment? How to do they find the MC to give it back to them?		
Ending: What happens to the MC at the end, do they get married or do they leave Egypt or something else?
